

Riflescopes

LYNX 30MM LX2 PROFESSIONAL SERIES

THE PINPOINT-SIZE ILLUMINATED AIM POINT AT THE CENTRE OF THE I-PLEX CROSSHAIR SHOWS UNMISTAKABLY AGAINST ANY BACKGROUND TARGET.

- Illuminated green centre dot for near-dark or after dark shooting.
- 30mm Diameter one-piece maintube for added strength and recoil resistance. Improved waterproofing.
- Larger diameter internal lenses maximizes light throughput and improves image brightness in low light.
- Fully Multicoated. All lens surfaces are multicoated with maximum specification coatings to provide sharper and brighter images. Better contrast and less glare & flare.
- All-alloy gimbal system improves accuracy, reliability and repeatability by increasing recoil resistance.
- High-precision adjustment tracking system ensures higher accuracy of the windage / elevation adjustment travel and return to zero repeatability.

Model	Power	ObjDia	Finish	Reticle
LX2 1.5-6x42iR	1.5x - 6x	42mm	Matte black	i-Plex
LX2 2.5-10x56iR ¹	2.5x - 10x	56mm	Matte black	i-Plex
LX2 5-20x50iR ¹	5x - 20x	50mm	Matte black	i-Plex
LX2 5-20x50iR M ¹	5x - 20x	50mm	Matte black	i-Mildot

¹This model has saddle-mounted parallax focussing

LYNX LX2 PROFESSIONAL SERIES

- 1 Inch diameter one-piece maintube
- Maximum specification lens elements and anti-reflective lens coatings
- Tightest possible mechanical tolerances for improved reliability and performance, and better recoil resistance
- Fully Multicoated lenses.
- All-alloy gimbal system
- High-precision adjustment tracking system

Model	Power	ObjDia	Finish	Reticle
LX2 1.5-5x32	1.5x - 5x	32mm	Black	Plex
LX2 3-10x40	3x - 10x	42mm	Black	Plex
LX2 4.5-14x40AO ¹	4.5x - 14x	40mm	Black	Plex

¹This model has adjustable-objective parallax focussing

LYNX LX PROFESSIONAL SERIES

- 1 Inch diameter one-piece maintube
- Fully Multicoated.
- All-alloy gimbal system
- High-precision adjustment tracking system

Model	Power	ObjDia	Finish	Reticle
LX 4x38	4x	38mm	Black	Plex
LX 6x38	6x	38mm	Black	Plex

Binoculars

LYNX SERIES 44 BINOCULARS

- Light weight wide angle roof prism binoculars
- Fully multi-coated optics
- Phase coated prisms
- Twist-out eyecups
- Waterproof to 1 metre
- Nitrogen filled to prevent fogging
- Black rubber armour
- Fast, accurate focus
- BaK4 prisms
- Tripod socket
- Carry pouch, caps and shoulder strap

Model	Power	ObjDia	FOV	Weight	Dimensions	Close Focus
44-742	7x	42mm	6.5°	620g	163x124x50mm	3m

44-1250	12.5x	50mm	4.8°	735g	177x132x58mm	3m

LYNX SERIES 45 BINOCULARS

- Lightweight midi roof prism binoculars
- Fully multi-coated optics
- Twist-out eyecups
- Hinge-lock feature for ease of use with spectacles
- Waterproof to 1 metre
- Nitrogen filled to prevent fogging
- Partial rubber armour
- Fast, accurate focus
- BaK4 prisms
- Carry pouch, caps and shoulder strap

Model	Power	ObjDia	FOV	Weight	Dimensions	Close Focus

LYNX SERIES 22 BINOCULARS

- Lightweight mini roof prism binoculars
- Fully multi-coated optics
- Twist-out eyecups
- Waterproof to 1 metre
- Nitrogen filled
- Black rubber armour
- Fast accurate focus
- BaK4 prisms
- Pouch, caps and straps

Model	Power	ObjDia	FOV	Weight	Dimensions	Close Focus
22-824	8x	24mm	6.25°	220g	102x88x38mm	2m
22-1028	10x	28mm	5.87°	245g	113x91x38mm	2m

Binoculars

LYNX SERIES 11 BINOCULARS

- Porro prism binoculars
- Aspheric eyepiece elements
- Wide Angle
- Fully multi coated
- Grey rubber covered
- Fast accurate focus
- BaK4 prisms
- Tripod socket
- Pouch, caps and straps

Model	Power	ObjDia	FOV	Weight	Dimensions	Close Focus
11-735	7x	35mm	9.3°	675g	123x172x65mm	3m
